TREATMENT AND PREVENTIVE.

DR. AMATI'S ITALIAN VEGETABLE PANACEA, TONIC AND APERIENT.—This rem-Dea, Tonic and Aperient.—This remedy, composed entirely of vegetable ingredients, and totally free from any mineral substance, combining cathartic with cordial and strengthening powers, was originally discovered and prescribed by Dr. Amati, a celebrated physician, in most of the diseases of the abdominal regions—such as diarrhoxa, dysentery, bilious complaints, dyspepsia, and all other disorders of the liver, &c.

Knowing from experience that it operates in the most kindly and effectual manner in these cases, it is submitted as a remedy to those who may be attacked by the prevailing fatal scourge, and as a preventive to all who may be so unfortunate as to escape its first insidious symptoms.

To be had, wholesale and retail, at Carusi's Music Saloon, Pennsylvania avenue, between 11th and 12th streets, and at the principal drug stores in the city of Washington, Georgetown, and Alexandria. Pamphlets, containing full directions for use, with many interesting certificates, accompany each bottle of the panacea. A very liberal discount to deal ers. Orders from any part of the United States promptly attended to. All communications must be post-paid.

TO THE PUBLIC. The tracts embraced in the above proclamation of the President comprise all the residue of the lead mines yet to be brought into market south of the Wisconsin river. They cover those mines (particularly the portion situated in Illinois) worked under former leases from the Government which had not expired at the date of the sale of the adjacent mines, and therefore possess the advantage of being prepared for immediate operations, without incurring the increased expenses incidental to opening new mines, and most of them are believed to be very productive. They are all more or less
